Interior Protector "Dirt Barrier"
1.32 Gallon 40x 20x
SIFX5000

This fully-biodegradable stain remover is made with a synergistic blend of environmentally friendly acids to boost cleaning performance and cost-savings that is perfect for use on all hard surfaces. Finally, a product that removes mineral deposits and is safe for your skin.

Steril pretreatment cleaner is a 100% sterile mixture that uses new technology to thoroughly prepare hard surfaces to form an enhanced and super-durable bond with our ceramic coatings.

Si-Nano Protect forms semi-permanent molecular bonds with painted and nano-coated surfaces and is designed to prevent water spots, acting as a glossy protective layer that will last for multiple months with just one application.

Si-Nano Vision is an extremely high-tech ceramic sealer that is specially designed for coated and uncoated glass surfaces. Repels water for 30% better visibility in rainy conditions.

This high-tech protector forms semi-permanent, yet flexible bonds with leather and fabrics, leaving a nanoscale hydrophobic layer to repel dirt and liquids. Just spray the surface until saturated, and let it dry for 24 hours. Read more on page 9.
**Higher profits with no compromises.**

A high-tech shampoo that is specially designed for today's high-performance car washes. This shampoo reactivates protective nano layers, is free from polymers, wax, and coloring chemicals, and is safe to use for interior cleaning.

Nano Wash adds a glossy super-hydrophobic layer while cleaning. It can be used for manual or automatic car washing and is suitable for coated and uncoated cars. It gives customers a true nano experience that lasts 2-4 weeks depending on dilution.

Finally, a product that gives tires a super long-lasting black luster. 100% Dry-to-the-touch tire shine that won't wash away when it rains or during car washing. Cures to a deep shine in less than 10 minutes.

This gloss restorer uses an optimized UV-resistant formula to restore tires and rubber trim to their original appearance, providing a protective layer to maintain shine and luster over time.

Multi-Purpose Cleaner is a low-foaming formula that can be used on all interior surfaces to remove dirt and neutralize odors. It cleans effectively and leaves a nice smell behind.
